WHEREAS, The Christian Radich, its captain and youthful crew symbolize a long lost era of wooden ships and iron men, of simpler but much harder days, and of discovering new horizons and conquering the fear of unknown mysteries; and

WHEREAS, The Christian Radich, its captain and crew, have met the challenge of sailing great distances, both from Norway to New York, and from New York through the St. Lawrence Seaway to the United States' greatest inland ocean port of Chicago, and met the test of sailing skill involved in such an accomplishment; and

WHEREAS, The Christian Radich serves to bind together those in Chicago's thriving Norwegian community and serves as a symbolic reminder of their honorable and distinguished hereditary roots; and

WHEREAS, The Christian Radich is a modern reminder to us all that we are all brothers in a unified and ever shrinking world, being drawn ever closer together through advances in transportation and communication; and

WHEREAS, The Norwegian government has been so kind as to share this spectacular example of Norwegian craftsmanship with the people of Chicago and the Midwest who would otherwise never have a chance to witness this tremendous achievement in an age old art; now, therefore,

Be It Resolved, That the Mayor of the City of Chicago and its City Council, duly assembled this 3rd day of August, 1976, do hereby express their sincere gratitude and appreciation for the kindness displayed by the Norwegian government, and that all Chicagoans should go out and enjoy this ship; and

Be It Further Resolved, That a suitable copy of this resolution be presented to Kjell Thorsen, Captain of the Christian Radich.

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to the approval of the Corporation Counsel as to form and legality, are authorized to execute a Consent to the attached sublease agreement between Continental Airlines, Inc., and China Airlines, Ltd., for the sublease of certain premises at Chicago-O'Hare International Airport, said agreement to be in the following form:

SUBLEASE AGREEMENT

This Sublease Agreement made as of the 1st day of April, 1976, by and between Continental Airlines, Inc., a corporation organized and existing under the laws of the State of Nevada (hereinafter called "Continental"), and China Airlines, Ltd., a corporation organized and existing under the laws of Taiwan (hereinafter called "Cal"):

WITNESSETH:

Whereas, Continental leases certain premises, including improvements thereon, at Chicago-O'Hare International Airport (hereinafter called "Ord") developed under ground lease agreement dated as of August 25, 1966, with the City of Chicago (hereinafter called "Basic Lease"); and

Whereas, Cal desires to sublease from Continental and Continental is willing to sublease to Cal a portion of said premises subject to the terms and conditions of this Sublease Agreement:

Now, Therefore, for and in consideration of the provisions and mutual convenants herein contained, Continental and Cal hereby agree as follows:

1. Continental hereby subleases to Cal and Cal hereby hires and takes from Continental the building space and parking space (hereinafter called "the Premises") designated on Exhibit "A" attached hereto and made a part hereof to be used in the conduct of a cargo sales office. Cal shall not be entitled to use or occupy any other portion of premises leased to Continental under the Basic Lease. The General Manager, Cargo, for Continental at Ord shall, subject to the provisions of the Basic Lease, designate the ingress/egress route that Cal, its officers, employees, agents, customers, suppliers, contractors and invitees may use to move to and from the Premises. Continental may change said route upon 15 days notice in advance to Cal's local manager on the Premises; it is agreed, however, that Continental shall not select an ingress/egress route that will impose undue restraints on Cal's normal operations, the intent being that Continental shall have the right to insure that Cal's operations will not interfere with Continental's normal operations.

2. Continental agrees to authorize two (2) automobile parking permits for its automobile parking area for use by Cal's officers and employees at their own risk.

3. The term of this Sublease Agreement shall, subject to approval of the Sublease Agreement by the City of Chicago, commence on April 1, 1976 and shall, unless sooner terminated as provided for elsewhere in this Sublease Agreement, continue until twelve (12) months from this date and thereafter from month to month until cancelled by either party on thirty (30) days advance written notice. In the event the Basic Lease is terminated, this Sublease Agreement shall automatically terminate concurrently therewith.

4. As rental for the Premises, Cal agrees to pay Three Hundred and Twenty Five Dollars ($325.00) each month in advance during the term hereof.

5. This Sublease Agreement is in all respects subject and subordinate to all of the terms and conditions of the Basic Lease, and Cal agrees to assume, observe, be bound by and comply with all the terms, provisions and conditions of the Basic Lease (copy of which Cal hereby acknowledges receipt of) to the extent applicable to the Premises or the operations conducted therein. Wherever in the Basic Lease the consent or approval of the City of Chicago or its Commissioner of Aviation is required, the consent or approval of both the City of Chicago or its Commissioner of Aviation and Continental shall be required under this Sublease Agreement.

6. Continental agrees to provide all utilities and janitorial services required for the premises. Telephone service and any other special installations will be entered separately and be the responsibility of Cal.

7. Cal agrees to maintain and to keep the interior of the Premises in good repair.

8. In the event Cal requires modifications of the premises, Cal shall, at its expense, make certain modifications in the Premises. The modifications shall be approved in writing first, however, by Continental and by the City of Chicago (through, or as directed by, its Commissioner of Aviation). Cal agrees that upon expiration or termination of this Sublease Agreement Cal shall, at its expense, restore the Premises to the condition in which received by Cal, reasonable wear and tear and loss by fire excepted, unless Continental shall agree in writing to waive restoration in whole or in part. Cal agrees, at its expense to provide and submit promptly all plans and specifications for intended installations, modifications, signs, etc., to or on the Premises to Continental for approval and also obtain approval of the City of Chicago (through, or as directed by its Commissioner of Aviation) for such plans and specifications prior to installation, modification, etc. Cal shall, at its expense, comply with any applicable building code or regulation in connection with such work, and shall insure that no liens are placed on the Premises, or on the premises leased to Continental under the Basic Lease, by reason of Cal's use or occupancy of the Premises or its installations or modifications therein. Cal agrees that all approved installations, etc., required in order to make the Premises useable for its operations shall be arranged for and contracted for by Cal at Cal's expense.

9. Cal, its officers, employees, agents, customers, suppliers, contractors and invitees shall be bound by and observe all rules and regulations promulgated under the Basic Lease or made by Continental governing the use and occupancy (including, but not limited to, action to conserve heat and electricity and control of passenger and vehicular traffic ingress/egress) of the Premises, provided, however, that no such rule or regulation shall conflict with any matter specifically set forth in this Sublease Agreement.

10. Cal agrees to indemnify and hold Continental and the City of Chicago harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recovered from Continental and/or the City of Chicago by reason or on account of damage to the property of Continental and/or the City of Chicago or the property of, injury to or death of any person, arising from Cal's use and occupancy of and operations at Ord, including acts of its agents, contractors and subcontractors, except, insofar as Continental 's rights under this covenant by Cal are concerned, when caused by the sole negligence of Continental or by the joint negligence of Continental and any other party other than Cal, its agents, contractors and subcontractors, and except, insofar as the City of Chicago's rights under this covenant by Cal are concerned, when caused by the sole negligence of the City of Chicago or by the joint negligence of the City of Chicago and any other party other than Cal, its agents, contractors and subcontractors; provided that Continental or the City of Chicago shall give Cal prompt and timely notice of any claim made or suit instituted which, in any way, affects Cal or its insurer, and Cal or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against Continental and/or the City of Chicago for any cause for which Cal is liable hereunder shall be conclusive against Cal as to liability and amount. Cal further agrees to furnish Continental and the City of Chicago with evidence of insurance of the type and in amounts as may be requested by Continental and the City of Chicago but not in excess of such insurance as is required of Continental under the Main Lease.

11. Cal agrees to indemnify and hold harmless Continental and the City of Chicago from and against any taxes, assessments, liens of any kind, surcharges, etc., levied by any governmental agency or through any procedure of law in connection with the occupancy and use of the Premises by Cal or with Cal's business operations or equipment in the Premises.

12. In the event either party shall default in the performance of any obligation (excepting payment of rental) to be performed by it hereunder, and such default shall continue for 30 days after notice in writing shall have been given to the defaulting party, then upon the expiration of such 30 day period this Sublease Agreement shall terminate unless the aggrieved party shall otherwise elect. In the event of termination of the Basic Lease, then this Sublease Agreement shall forthwith terminate.

In the event Cal shall default in the payment of rental required hereunder to be paid to Continental or in the payments required to be made to the City of Chicago, if any, and such default shall continue for 15 days after notice in writing shall have been given to Cal by Continental to correct the default, then upon expiration of such 15 day period this Sublease Agreement shall terminate unless Continental shall otherwise elect.

13. Cal shall promptly surrender and vacate the Premises upon the expiration or termination of this Sublease Agreement. Personal property of Cal's left in or about the Premises upon the expiration or termination of the Sublease Agreement shall be deemed abandoned and Continental shall have the right to use or dispose of such property as it sees fit.

14. Cal has inspected the Premises and accepts them in an "as is" condition.

15. All notices to Continental hereunder shall be in writing and sent by certified mail, postage prepaid, addressed to Continental Air Lines, Inc., Los Angeles International Airport, Los Angeles, California 90009, Attention: Vice President, Properties & Facilities, or to such other address as Continental may designate from time to time. All notices to Cal hereunder shall be in writing and sent by certified mail, postage prepaid, addressed to China Airlines, Ltd., 391 Sutter Street, 2nd Floor, San Francisco, California, 94102, Stanley S.C. designate from time to time. All notices mailed in accordance with the above shall be deemed given 5 days after mailing, the date of mailing to be determined by the postmark.

16. Cal shall not assign this Sublease Agreement and its right hereunder, in whole or in part, or sublease, in whole or in part, the Premises, except in each case with the prior written consent of Continental and the City of Chicago.

17. This Sublease Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

18. This Sublease Agreement (a) has been executed in counterparts, each of which shall be an original and collectively but one instrument, and (b) shall require the endorsement of the City of Chicago before becoming a binding obligation of either party.

5. It will provide and maintain competent and adequate architectural engineering supervision and inspection at the construction site to insure that the completed work conforms with the approved plans and specifications; that it will furnish progress reports and such other information as the Federal grantor agency may require.

SPONSOR ASSURANCES

17. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads); including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Accordingly, it is estimated that the share of the Municipality in the cost of the Project No. 8-17-0025-05 will be Ten thousand one hundred forty-seven and no/100 dollars ($10,147.00). However, the Municipality specifically agrees that in any event it will pay on the project costs any amount by which the total of actual project costs may and shall exceed the amount of Federal Funds granted to or allowed and paid on project costs, as the same may, with the express consent and approval of the Municipality, be supplemented, amended, changed, or modified subject, however, and only to the budgetary limitation.

9. The Municipality shall establish an account in which shall be deposited all funds pertaining to the project. The Municipality shall have the right to draw checks against said account, or make withdrawals therefrom, without the approval of the Division and the bank or banks in which said funds are deposited shall be under no obligation to see to the application of said funds.

10. The Municipality agrees to comply at all times with the conditions prescribed in said Section 34 of the Illinois Aeronautics Act, with respect to which the Municipality is required to satisfy the Division under the terms thereof.

2. *Premises*

Landlord, for and in consideration of the covenants and agreements herein mentioned, to be kept and performed by both parties hereto, does hereby allow Tenant to use, in common with other commercial aircraft operators whom Landlord may from time to time allow to use the same space for the same purpose, the space located in the Concourse "A" Building at Chicago-O'Hare International Airport which is outlined in red on Exhibit "A" attached hereto and by this reference made a part hereof.

It is understood and agreed that not withstanding the above term either party may cancel this agreement on thirty (30) days notice to the other party in writing of its election so to do.

5. *Rental*

Tenant shall pay Landlord, at the office of the Comptroller, as rental for such use and occupancy, the sum of Ninety and No/100 Dollars ($90.00) per month, payable in advance on the first day of each month during the term of this agreement.

Tenant shall further pay Landlord, at the office of the Comptroller, as rental for such use and occupancy for each month, the sum of Three Hundred and No/100 Dollars ($300.00) per month, payable in advance on the first day of such month during the term of this agreement. The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor is authorized to execute and the City Clerk to attest and affix the seal of the City of Chicago upon an Agreement of Limited Agency between the City and the State of Illinois subject to the approval of the City Comptroller and as to form and legality by the Corporation Counsel; said Agreement to be in the following form:

Agreement of Limited Agency

Federal Project No. 8-17-0022-08

Illinois Project No. 77A-28-712

This Agreement, made and entered into by and between the Department of Transportation, Division of Aeronautics of the State of Illinois (hereinafter referred to as "Division"), for and on behalf of the State of Illinois, party of the first part, and the City of Chicago (hereinafter referred to as "Municipality"), party of the second part

WITNESSETH:

Whereas, the Municipality has undertaken the improvement and betterment of a public air navigation facility, known as Chicago-O'Hare International Airport and pursuant thereto has sponsored various projects under the Airport and Airway Development Act of 1970 (Amended 1976); and

Whereas, the Municipality desired to sponsor a project for the further development of said Chicago-O'Hare International Airport to be known as Project No. 8-17-0022-08 under the Airport and Airway Development Program and the provisions of the Federal Airport Act and the regulations promulgated pursuant thereto; and

Whereas, the Municipality has accordingly requested Federal financial assistance in the accomplishment of Project No. 8-17-0022-08 and responsive thereto the Federal Government, through the Federal Aviation Administration, has issued to the Municipality a Tentative Allocation (or Allocations) in the sum of Nine million and no/100 dollars ($9,000,000.00); and

Whereas, the Municipality has appropriated certain monies for the improvement of Chicago-O'Hare International Airport; and

Whereas, the Municipality has requested the Division to act as its agent in certain matters connected with said Project No. 8-17-0022-08 pursuant to statute; and

Whereas, the parties hereto by this Agreement intend (a) to fix their respective responsibilities, with reference to each other, with reference to the accomplishment of said Project No. 8-17-0022-08 and with reference to participation by the United States, and (b) to designate the parties to accept, receipt for and disburse all funds and payment of the Federal Government and of the Municipality used or to be used in payment of the costs and expenses as shall have been incurred by the parties hereto or either of them.

Now, Therefore, for and in consideration of the benefits which will accrue to the parties hereto by virtue of this Agreement and the respective covenants herein contained, it is mutually covenanted and agreed as follows:

1. The Municipality shall be the "Sponsor" of the Project above identified, except as set forth in paragraph 2 immediately hereafter following.

2. The Division shall contribute financial assistance to the extent hereinafter stated, and furnish project reporting liaison with the Federal Aviation Administration.

3. As between the Municipality, the State of Illinois and the United States, the Municipality shall be the contractual party to such construction contract or contracts as shall be entered into for the accomplishment of the project, subject only to the agency provisions hereinafter set out.

4. Plans, specifications and estimates for said project have been prepared by or at the instance of the Municipality, copies of which will be submitted to the Division of Aeronautics for review prior to the advertising for bids thereon.

5. The Municipality will provide adequate, capable and qualified Illinois Licensed resident project engineer(s) and materials testing technician(s), and will further prepare and transmit such project reports as shall be required by the Federal Aviation Administration, or the Division, including semi-final and a final inspection report on the project work (or, if more than one construction contract is involved, then on each phase of the project work which is covered by separate contract). In its final inspection report or reports shall certify to the Division that the work involved has been fully completed in accordance with the plans, specifications and contract, as the same shall have been modified or supplemented by change order, supplementary contract or otherwise, and that such work is accepted.

6. The Municipality hereby designated the Division, as its Agent, and the Division hereby accepts said designation to act as Agent for the Municipality.

   (a) To exercise such direction of the project work as its personnel will permit but limited to a determination that the project is being completed in accordance with plans and specifications, provided that neither the Division nor the State shall be held responsive or be chargeable for any damage resulting from performance or attempted performance of said project work or for any other cause or reason.

8. The estimated total cost of said project is Twelve million twenty-nine and no/100 dollars ($12,000,029.00). On the basis of Tentative Allocation issued by the Federal Aviation Administration, it is expected that a Grant Offer from the United States will be tendered in the approximate amount of Nine million and no/100 dollars ($9,000,000.00). Accordingly, it is estimated that the share of the Municipality in the cost of the Project No. 8-17-0022-08 will be Three million twenty-nine and no/100 dollars ($3,000,029.00). However, the Municipality specifically agrees that in any event it will pay on the project costs any amount by which the total of actual project costs may and shall exceed the amount of Federal Funds granted to or allowed and paid on project costs, as the same may, with the express consent and approval of the Municipality, be supplemented, amended, changed, or modified subject, however, and only to the budgetary limitation.

9. The Municipality shall establish an account in which shall be deposited all funds pertaining to the project. The Municipality shall have the right to draw checks against said account, or make withdrawals therefrom, without the approval of the Division and the bank or banks in which said funds are deposited shall be under no obligation to see to the application of said funds.

10. The Municipality agrees to comply at all times with the conditions prescribed in said Section 34 of the Illinois Aeronautics Act, with respect to which the Municipality is required to satisfy the Division under the terms thereof.

11. The Airport shall be used, operated and maintained at all times by the Municipality for the use and benefit of the general public without unjust discrimination, in accordance with the covenants and assurances of the Municipality made with and to the United States.

12. The Municipality shall file with the Division such reports concerning the matters covered by this Agreement, including the use, operation and maintenance of the Airport, as the Department may require from time to time.

13. Notices, reports or other communications required by or transmitted pursuant to this Agreement, to the Division shall be directed to the attention of Director, Division of Aeronautics of the State of Illinois, Capital Airport, Springfield, Illinois 62705 and to the Municipality shall be directed to the attention of the Commissioner of Aviation and the City Comptroller, City of Chicago, City Hall, Chicago, Illinois 60602.

14. To the extent that the Project Application or Grant Offer requires, this Agreement is made subject and subordinate to the provision thereof.

15. This contract shall be and is deemed to be one entered into pursuant to the Illinois Aeronautics Act of the State of Illinois, and shall be construed and given effect in accordance with said Act and not otherwise.

In Witness Whereof, the parties hereto have caused this Agreement to be executed and their respective seals affixed as of the dates respectively hereafter set forth.

(b) The right of supervision over the location of the construction work and inspection of the FACILITIES from time to time thereafter by the Railroad, shall extend for an appropriate distance on each side of the property of the Railroad as the method of construction and materials used may have an important bearing upon the strength and stability of the FACILITIES over, under, upon, or in the property of the Railroad.

6. Licensee shall comply with all Federal, State and local laws, and assume all cost and expense and responsibility in connection therewith, without any liability whatsoever on the part of the Railroad.

7. (a) It is understood between the parties hereto that the operations of the Railroad at or near said FACILITIES involve some risk, and the Licensee as part of the consideration for this license hereby releases and waives any right to ask for or demand damages for or account of loss of or injury to the FACILITIES (and contents thereof) of the Licensee that are over, under, upon, or in the property and facilities of the Railroad including the loss of or interference with service or use thereof and whether attributable to the fault, failure or negligence of the Railroad or otherwise.

8. All cost and expenses in connection with the construction, maintenance, repair, alteration, renewal, relocation and removal of said FACILITIES shall be borne by the Licensee, and in the event of work being performed or material furnished by Railroad under the stipulated right to perform such work of construction, maintenance, repair, alteration, renewal, relocation or removal under any section hereof, Licensee agrees to pay to the Railroad the actual cost of material plus the current applicable overhead percentages for storage, handling, transportation, purchasing and other related material management expenses and the actual cost of labor plus the current applicable overhead percentages as developed and published by the accounting department of Railroad for fringe benefits, payroll taxes, administration, supervision, use of tools, machinery and other equipment, supplies, employers liability insurance, public liability insurance, and other insurance, taxes and all other indirect expenses. If the Licensee fails or refuses to remove its FACILITIES and appurtenances under the foregoing conditions, the Railroad shall be privileged to do so at the cost and expense of the Licensee, and the Railroad shall not be liable in any manner to the Licensee for said removal.

11. In the event the FACILITIES consist of an underground occupation, Licensee will be responsible for any settlement caused to the roadbed, right of way and/or tracks, facilities, and appurtenances of the Railroad arising from or as a result of the installation of the said FACILITIES for a period of one (1) year subsequent to the date of completion of the installation, and Licensee agrees to pay to Railroad on demand the full cost and expense therefor.

PROGRAM NARRATIVE

ITEM I

Erosion Control - Phase I

Provide approximately 3,500 LF of precast concrei cribbing along the west shore line, repair damaged and eroded existing work, install horizontal concrete slab 7'-8" wide and new retaining wall, fill and related landscaping. This area is in a serious state of deterioration and needs immediate attention. The attached map shows project location. The work will be acccomplished in keeping with standard bidding and construction procedures established by the City of Chicago, Department of Aviation and the Department of Public Works.

ITEM II

Fire Proximity Suits

Two (2) each series 700 AG/BA Proximity Suit Complete (Fyrepel) Extra large size with Mittens and Carry Case.
Five (5) each series 500 AG series OO/BA Proximity Suits Complete (Fyrepel) Extra large size with Gloves and with Carry Case.
The requisition of 7 proximity suits for fire/crash/rescue vehicle at Meigs Field is necessary to equip 2 men on two trucks and 3 men on one truck. These suits provide increased safety to fire personnel and hence allow them to carry out their duties with increased efficiency.

ITEM III

Emergency Standby Power Generator

An emergency standby power generator is necessary to preclude the possibility of serious airside and aircraft mishap in case of failure from either the prime power source or an interruption due to cable damage, accidental or otherwise. Incidents of power disruption have occurred in the past. With the installation of the emergency power generator Meigs will be able to operate continuously and safely in the event of primary power failure.

The project location is shown on the attached map. The work will be accomplished in keeping with standard bidding and construction procedures established by the City of Chicago, Department of Aviation and the Department of Public Works.

ITEM IV

Security Fencing

The present fence is in a state of serious disrepair and needs partial replacement and extensive repair in order to provide security against trepass by unauthorized personnel. This project should be initiated immediately in that summer bathers using the beach facility adjacent to Meigs frequently wander onto the field.

The work will be accomplished in keeping with standard bidding and construction procedures established by the City of Chicago, Department of Aviation and the Department of Public Works.

SPONSOR. ASSURANCES

17. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

WHEREAS, In an effort to combat pervasive unemployment, it is sound policy speedily to commit funds to the end that jobs will be created so that those who wish to work may do so; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. For the purpose of this ordinance the provisions of Article IX of the Illinois Municipal Code, approved May 29, 1961, concerning local improvements, shall not be applicable within the City of Chicago. It shall remain applicable, however, with respect to any improvement which is not within the scope of this ordinance.

SECTION 2. A new Chapter 200.4 of the Municipal Code of Chicago is hereby created, to be entitled, "Street Improvement Ordinance," and to read as follows:

200.4-1. The owners of fifty-one per cent of the property abutting on any public way, or portion thereof, (a) that is unimproved, (b) that was improved by the Work Projects Administration and has not been reconstructed within minimum specifications established by the State of Illinois for the construction of streets, or (c) that was originally improved by a private developer and does not meet minimum specifications established by the State of Illinois for the construction of streets may petition for the construction of a street on the public way. Such petition shall be filed with the Commissioner of Streets and Sanitation of the City of Chicago.

200.4-2 The construction of streets provided for in Section 2 shall be met by a tax upon contiguous property, for which the owner shall be liable of $17 for each frontage foot, provided, however, that in the case of any property owner who is 65 years or older, and who owns and occupies a single family residence or apartment building of four units or less the tax shall be $8.50 for each frontage foot. Where the long side of a corner lot or the side line of the property fronts on the street improvement, such construction shall be met by a tax upon the contiguous property, for which the owner shall be liable, of $6 for each frontage foot, provided, however, that in the case of any property owner who is 65 years or older, and who owns and occupies a single family residence or apartment building of four units or less the tax shall be $3 for each frontage foot. The first installment shall be due and payable January 2 next after the date of the first voucher issued on account of work done, and the second installment one year thereafter, and so on until all installments are paid. The Commissioner of Streets and Sanitation shall file in the Office of the City Clerk a certificate of the date of the first voucher and of the amount thereof within 30 days after the issuance thereof. All installments shall bear interest as hereinafter provided at a rate of 7% annually. Interest on assessments shall begin to run from 60 days after the date of the first voucher issued on account of work done. The interest on each installment shall be payable as follows: On January 2 next succeeding the date of the first voucher as certified, the interest accrued up to that time on all unpaid installments shall be due and payable and be collected with the installment, and thereafter the interest on all unpaid installments then payable, shall be payable annually and shall be due and payable at the same time as the installments matur-

ing in that year and be collected therewith. Any person may at any time pay the whole assessment against any lot, piece or parcel of land or any installment thereof with interest to the date of payment.

200.4-3 Upon the filing of a petition provided for in Section 2, the Commissioner of Streets and Sanitation shall cause an assessment to be made of the cost of the construction of the street upon the property abutting such construction. The assessment roll shall contain:

(1) A list of all the lots, blocks, tracts and parcels of land assessed for the proposed improvement,

(2) The amount assessed against each,

(3) The name of the person who paid the taxes on each such parcel during the last preceeding calendar year in which taxes are paid,

(4) The residence of the person so paying the taxes on each such parcel if the residence, on diligent inquiry, can be found, and

(5) The amount of each installment.

Several lots, or parts of lots, owned and improved as one parcel may be assessed as one parcel.

200.4-4. As soon as the Commissioner of Streets and Sanitation shall have determined that the petition as provided for in Section 2 is in proper form, he shall forthwith cause a notice to be publsihed in a newspaper of general circulation within the City of Chicago. Such notice shall state:

(1) The location of the street construction,

(2) The amount assessed against each parcel of land contiguous to the street construction, and

(3) That all persons owning property contiguous to the street construction shall have 15 days from the publication of notice to advise the Commissioner of Streets and Sanitation that the assessment upon his property is inaccurate.

Such notice shall also be mailed, at the same time, to all owners of property contiguous to the street to be constructed at the address of the person as indicated on the petition filed under Section 2, or, as to any other person, the residence of the person who paid the taxes on each parcel affected during the last preceeding calendar year in which taxes were paid. At the expiration of such 15 day period, the Commissioner of Streets and Sanitation shall certify the amount of each such assessment to the City Clerk. This certification shall be conclusive evidence of the correctness of the assessment roll for the purpose of this ordinance.

200.4-7. The Purchasing Agent of the City of Chicago is hereby authorized to advertise and receive bids for the said improvement and to enter into all necessary contracts therefor.

In the event Tenant shall fail to keep and perform or shall violate the terms, covenants and conditions of this Agreement on its part to be kept and performed, and Tenant shall not have cured or corrected such failure or violation within thirty (30) days after written notice thereof shall have been given to Tenant.

If Tenant shall make an assignment for the benefit of creditors, or shall file a petition in bankruptcy, or shall be adjudged a bankrupt, and such adjudication be not stayed or vacated within ninety (90) days thereafter, or the interest of Tenant under this Agreement shall be levied upon and sold upon execution or shall by operation of law become vested in another person, firm or corporation because of the insolvency of Tenant; or in the event that a Receiver or Trustee shall be appointed for Tenant or the interest of Tenant under this Agreement, and such appointment has not been vacated within ninety (90) days thereafter.

In the event Tenant shall vacate or abandon said premises, or shall permit the same to remain vacant or unoccupied without the consent of Landlord first had and obtained.

Article XVII

Upon the occurrence of any one or more of the events of default herein specified, Tenant's right to possession of the demised premises shall terminate and Tenant shall surrender possession thereof immediately. In such event Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof with or without process of law, and to expel and remove Tenant or any other person who may be occupying the said premises, or any part thereof, and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary; and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause a forfeiture of rents due by virtue hereof, nor a waiver of any covenant, agreement or promise in said lease contained, to be performed by Tenant. Tenant shall make no claim of any kind against Landlord, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Agreement, Landlord may sue for and recover all damages and rent accrued or accruing under this Agreement or arising out of any breach thereof.

Landlord may, if it so elects, pursue any other remedies provided by law for the breach of this Agreement or any of its terms, covenants, conditions or stipulations. The acceptance of rent by Landlord, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of Landlord's right to act or of any other right hereby given Landlord, or as an election not to proceed under provisions of this Agreement.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the demised premises. Landlord may collect and receive any rent due from Tenant, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Article XVIII

Upon termination of this Agreement by lapse of time or otherwise as herein provided, Tenant agrees to surrender the demised premises and the Building and Improvements situated thereon in good condition and repair without the receipt of any demand for rent, notice to quit or demand for possession whatsoever.

Tenant shall be entitled during the term of this Agreement and for fifteen (15) calendar days after termination thereof, to remove from the premises any and all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Agreement, subject, however, to any valid lien Landlord may have thereon for unpaid rentals or other amounts payable by Tenant to Landlord, and provided that Tenant shall have repaired all damage resulting from said removal.

Tenant shall be deemed to have abandoned to Landlord any of said equipment or property of Tenant which it has failed to remove from said premises within the aforesaid fifteen (15) calendar days after the end of the period of this Agreement or effective date of termination thereof, unless Landlord shall grant in writing a further period for this purpose.

The reports shall be submitted to the Government's Contracting Officer's Technical Representative designated in ARTICLE V, in two (2) copies each no later than the 10th day following each calendar quarter.

ARTICLE II - REPORTING REQUIREMENTS (continued)

In addition, a report which will summarize the effort accomplished, evaluate the performance of the receptionists, evaluate the effectiveness of the program, and make recommendations on improving the program and continuing the program in the future, shall be submitted to the COTR no later than September 30, 1977.

ARTICLE III - FINANCIAL PROVISIONS

A. The Government will reimburse the Contractor for up to 30% of the total wages paid to College Work-Study students participating in the program when said wages are allocable to performance under this contract. Total reimbursement shall not exceed the amount shown on Page No. 1, which is the ceiling amount of the Government's obligation under this contract. It is understood that the Government incurs no other obligation whatsoever for services rendered beyond the payment of its up to 30% share of wages for College Work-Study students or all wages and benefits and additional training as required by the Government for Visitor Service Representatives or the amount shown on Page No. 1, whichever is less.

B. Once each month, the Contractor should submit to the Government an original invoice or public voucher, in such form and readable detail as may be required by the Contracting Officer. Such invoice or voucher should indicate name(s) of employees, total hours worked, the amount due, and be certified as correct by an official of the Contractor.

C. At any time or times prior to final payment under this contract, the Contracting Officer may have the invoices or vouchers audited. Each payment theretofore made shall be subject to reduction for amounts included in the related invoice or voucher which are found by the Contracting Officer, on the basis of such audit, not to constitute proper payment. Any payment may be reduced for overpayments, on preceding invoices and vouchers, or increased for underpayments. On receipt and approval of the invoice or voucher designated by the Contractor as the "completion invoice" or "completion voucher" and upon compliance by the Contractor with all the provisions of this contract, the Department of Commerce shall promptly pay to the Contractor any balance of allowable cost which has been withheld or otherwise not paid to the Contractor.

D. The Contractor agrees to keep records and books of account on a recognized cost-accounting basis, showing the actual cost of all items under this contract including the services for which payments are authorized under this contract. The system of accounting to be employed by the Contractor shall be such as is satisfactory to the Contracting Officer; provided, however, that no material change will be required to the Contractor's accounting procedures and practices if the costs properly applicable to this contract are readily ascertainable therefrom.

E. Notwithstanding the limitations set forth in Paragraph A above, the Contractor shall be reimbursed for travel and lodging costs of the Contractor's personnel while attending meetings or training courses required by the Government.

ARTICLE VI - AVAILABILITY OF FUNDS

Funds are not presently available for this procurement for Federal Fiscal Year 1977 which commences October 1, 1976 and terminates September 30, 1977. The Government's obligation hereunder is contingent upon the availability of appropriated funds from which payment for the contract purposes can be made. 5. LISTING OF EMPLOYMENT OPENINGS

(This clause is applicable pursuant to 41 CFR 50-250 if this contract is for $10,000 or more and will generate 400 or more man-days of employment.)

(b) Listing of employment openings with the employment service system pursuant to this clause shall be made at least concurrently with the use of any other recruitment source or effort and shall involve only the normal obligations which attach to the placing of a bona fide job order but does not require the hiring of any job applicant referred by the employment service system.

(c) The periodic reports required by paragraph (a) of this clause, shall be filed at least quarterly with the appropriate local office or, where the Contractor has more than one establishment in a State, with the central office of that State employment service. (d) Whenever the Contractor becomes contractually bound to the listing provisions of this clause, he shall advise the employment service system in each State wherein he has establishments of the name and location of each such establishment in the State. As long as the Contractor is

As used in this contract, the term "minority business enterprise" means a business, at least 50 percent of which is owned by minority group members or, in case of publicly owned businesses, at least 51 percent of the stock of which is owned by minority group members. For the purposes of this definition, minority group members are Negroes, Spanish-speaking American persons, American-Orientals, American-Indians, American-Eskimos, and American Aleuts. (a) The Contracting Officer's Technical Representative (COTR) is responsible for the technical aspects of the project and technical liaison with the Contractor. (b) The COTR is not authorized to make any commitments or otherwise obligate the Government or authorize any changes which affect the contract price, terms or conditions. Any Contractor requests for changes shall be referred to the Contracting Officer directly or through the COTR. No such changes shall be made without the expressed prior authorization of the Contracting Officer. The COTR may designate assistant COTR's to act for him by naming such assistants in writing and transmitting a copy of such designation through the Contracting Officer to the Contractor.

(c) The name and address of the COTR is included in the contract document. Unless otherwise provided in this contract, payments to an assignee of any moneys due or to become due under this contract shall not, to the extent provided in said Act, as amended, be subject to reduction or setoff. (The preceding sentence applies only if this contract is made in time of war or national emergency as defined in said Act and is with the Department of Defense, the General Services Administration, the Atomic Energy Commission, the National Aeronautics and Space Administration, the Federal Aviation Agency, or any other department or agency of the United States designated by the President pursuant to Clause 4 of the proviso of Section 1 of the Assignment of Claims Act of 1940, as amended by the Act of May 15, 1951, 65 Stat. 41.)

The contract price shall be similarly decreased if the Contractor, through his fault or negligence or his failure to follow instructions of the Contracting Officer, is required to pay or bear the burden of, or does not obtain a refund or drawback of, any such Federal excise tax or duty.

The decision of the Secretary or his duly authorized representative for the determination of such appeals shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In connection with any appeal proceeding under this clause, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute hereunder, the Contractor shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision.

1. CHANGES

The Contracting Officer may at any time, by a written order, and without notice to the sureties, make changes, within the general scope of this contract, in the definition of services to be performed, and the time and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within thirty (30) days from the date of receipt by the Contractor of the notification of change, provided, however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim assorted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. (b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the provisions of paragraph (a), the Contractor and any subcontractor responsible therefor shall be liable to any affected employee for his unpaid wages. Such liquidated damages shall be computed with respect to each individual laborer, mechanic, apprentice, trainee, watchman, or guard employed in violation of the provisions of paragraph (a) in the sum of $10 for each calendar day on which such employee was required or permitted to be employed on such work in excess of 8 hours or in excess of his standard workweek of 40 hours without payment of the overtime wages required by paragraph (a).

(FPR 1-7.101-37)

5. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT

(b) After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Contractor shall:

(1) Stop work under the contract on the date and to the extent specified in the Notice of Termination;

(2) Place no further orders or subcontracts for materials, services, or facilities, except as may be necessary for completion of such portion of the work under the contract as is not terminated;

(3) Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination;

(4) Assign to the Government, in the manner, at the times, and to the extent directed by the Contracting Officer, all of the right, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case the Government shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;

(5) Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the Contracting Officer, to the extent he may require, which approval or ratification shall be final for all the purposes of this clause;

(6) Furnish to the Government, at the time and as directed by the Contracting Officer, the completed or partially completed "Subject Data," as defined in the Rights in Data clause, and reports which would have been required to be furnished to the Government if this contract had been completed.

(7) Complete performance of such part of the work as shall not have been terminated by the Notice of Termination.

(c) After receipt of a Notice of Termination, the Contractor shall submit to the Contracting Officer his termination claim, in the form and with certification prescribed by the Contracting Officer. Such claim shall be submitted promptly, but in no event later than one year from the effective date of termination, unless one or more extensions in writing are granted by the Contracting Officer upon request of the Contractor made in writing within such one-year period or authorized extension thereof. However, if the Contracting Officer determines that the facts justify such action, he may receive and act upon any such termination claim at any time after such one-year period or any extension thereof. Upon failure of the Contractor to submit his termination claim within the time allowed, the Contracting Officer may, subject to any review required by the contracting agency's procedures in effect as of the date of execution of this contract, determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall thereupon pay to the Contractor the amount so determined.

(d) Subject to the provisions of paragraph (c), and subject to any review required by the contracting agency's procedures in effect as of the date of execution of this contract, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination of work pursuant to this clause, which amount or amounts may include a reasonable allowance for profit or adjustment for loss, on work done: Provided, That such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total contract price as reduced by the amount of payments otherwise made and as further reduced by the contract price of work not terminated. The contract shall be amended accordingly, and the Contractor shall be paid the agreed amount. Nothing in paragraph (e) of this clause, prescribing the amount to be paid to the Contractor in the event of failure of the Contractor and the Contracting Officer to agree upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this clause, shall be deemed to limit, restrict, or otherwise determine or affect the amount or amounts which may be agreed upon to be paid to the Contractor pursuant to this paragraph (d).

(e) In the event of the failure of the Contractor and the Contracting Officer to agree as provided in paragraph (d) upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this clause, the Contracting Officer shall determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall pay to the Contractor the amounts determined as follows:

(1) The total of --

5. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (CONT.)

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto;

(ii) The cost of settling and paying claims arising out of the termination of work under subcontracts or orders, as provided in paragraph (b)(5) above, which are properly chargeable to the terminated portion of the contract (exclusive of amounts paid or payable on account of supplies or materials delivered or services furnished by subcontractors or vendors prior to the effective date of the Notice of Termination, which amounts shall be included in the costs payable under (i) above; and

(iii) A sum, as profit on (i) above, determined by the Contracting Officer pursuant to Subpart 1-8.303 of the Federal Procurement Regulations (41 CFR 1-8.303), in effect as of the date of execution of this contract, to be fair and reasonable: Provided, however, That if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, no profit shall be included or allowed under this subdivision (iii) and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss determined by the Contracting Officer pursuant to Subpart 1-8.303 of the Federal Procurement Regulations (41 CFR 1-8.303), in effect as of the date of execution of this contract; and

(2) The reasonable costs of settlement, including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract and for the termination and settlement of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to this contract.

The total sum to be paid to the Contractor under (1) of this paragraph (e) shall not exceed the total contract price as reduced by the amount of payments otherwise made and as further reduced by the contract price of work not terminated.

(f) Any determination of costs under paragraph (c) or (e) hereof shall be governed by the principles for consideration of costs set forth in Subpart 1-15.2 of the Federal Procurement Regulations (41 CFR 1-15.2) as in effect on the date of this contract.

(g) The Contractor shall have the right to appeal, under the clause of this contract entitled "Disputes," from any determination made by the Contracting Officer under paragraph (c) or (e) above, except that, if the Contractor has failed to submit his claim within the time provided in paragraph (c) above and has failed to request extension of such time, he shall have no such right of appeal. In any case where the Contracting Officer has made a determination of the amount due under paragraph (c) or (e) above, the Government shall pay to the Contractor the following: (1) if there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the Contracting Officer; or (2) if any appeal has been taken, the amount finally determined on such appeal.

(h) In arriving at the amount due the Contractor under this clause, there shall be deducted (1) all unliquidated advance or other payments on account theretofore made to the Contractor, applicable to the terminated portion of this contract; (2) any claim which the Government may have against the Contractor in connection with this contract; and (3) the agreed price for, or the proceeds of sale of, any materials, supplies, or other acquired by the Contractor or sold, pursuant to the provisions of this clause, and not otherwise recovered by or credited to the Government.

(i) If the termination hereunder be partial, prior to the settlement of the terminated portion of this contract, the Contractor may file with the Contracting Officer a request in writing for an equitable adjustment of the price or prices specified in the contract relating to the continued portion of the contract (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made in such price or prices.

(j) The Government may from time to time, under such terms and conditions as it may prescribe, make partial payments and payments on accounts against costs incurred by the Contractor in connection with the terminated portion of this contract whenever, in the opinion of the Contracting Officer, the aggregate of such payments shall be within the amount to which the Contractor will be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this clause, such excess shall be payable by the Contractor to the Government upon demand, together with interest computed at the rate of 6% per annum for the period from the date such excess payment is received by the Contractor to the date on which such excess is repaid to the Government: Provided, however, that no interest shall be charged with respect to any such excess payment attributable to a reduction in the Contractor's claim by reason of retention or other disposition of termination inventory until 10 days after the date of such retention or disposition, or such later date as determined by the Contracting Officer by reason of the circumstances.

(k) Unless otherwise provided for in this contract, or by applicable statute, the Contractor, from the effective date of termination and for a period of three years after final settlement under this contract, shall preserve and make available to the Government at all reasonable times at the office of the Contractor, but without direct charge to the Government, all his books, records, documents, and other evidence bearing on the costs and expenses of the Contractor under this contract and relating to the work terminated hereunder, or, to the extent approved by the Contracting Officer, photographs, microphotographs, or other authentic reproduction thereof. (DOC MAR 72)

6. DEFAULT

(a) The Government may, subject to the provisions of paragraph (c) below, by written notice of default to the Contractor, terminate the whole or any part of this contract in any one of the following circumstances:

(1) If the Contractor fails to perform the services within the time specified herein or any extension thereof; or

(2) If the Contractor fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure.

(b) In the event the Government terminates this contract in whole or in part as provided in paragraph (a) of this clause, the Government may procure, upon such terms and in such manner as the Contracting Officer may deem appropriate, services similar to those so terminated, and the Contractor shall be liable to the Government for any excess costs for such similar services: Provided, That the Contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause.

(c) Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy,

acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule or other performance requirements.

(d) If this contract is terminated as provided in paragraph (a) of this clause, the Government, in addition to any other rights provided in this clause, may require the Contractor to deliver to the Government, in the manner and to the extent directed by the Contracting Officer, any of the completed or partially completed "Subject Data" as defined in the Rights in Data clause. The Government shall pay the Contractor the contract price, if separately stated, for completed services accepted by the Government and the amount agreed upon by the Contractor and the Contracting Officer for (1) completed services for which no separate price is stated; (2) partially completed work; and (3) Subject Data described above which is accepted by the Government. Failure to agree to such amount shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes."

(e) If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the Government, be the same as if the notice of termination had been issued pursuant to such clause. If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, and if this contract does not contain a clause providing for termination for convenience of the Government, the contract shall be equitably adjusted to compensate for such termination and the contract modified accordingly; failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes."

(f) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

(g) As used in paragraph (c) of this clause, the terms "Subcontractor" and "Subcontractors" mean subcontractor(s) at any tier. (DOC MAR 72)

7. RENEGOTIATION

(a) To the extent required by law, this contract is subject to the Renegotiation Act of 1951 (50 USC App. 1211, et seq.) as amended, and to any subsequent act of Congress providing for the renegotiation of contracts. Nothing contained in this clause shall impose any renegotiation obligation with respect to this contract or any subcontract hereunder which is not imposed by an act of Congress heretofore or hereafter enacted. Subject to the foregoing this contract shall be deemed to contain all the provisions required by Section 104 of the Renegotiation Act of 1951, and by any such other act, without subsequent contract amendment specifically incorporating such provisions.

(b) The Contractor agrees to insert the provisions of this clause, including this paragraph (b) in all subcontracts, as that term is defined in Section 103 of the Renegotiation Act of 1951, as amended. (DOC MAR 72)

8. KEY PERSONNEL

(a) It has been determined that the individual(s) named in the schedule of this contract are necessary for the successful performance of this contract. No diversion or replacement of these individual(s) shall be made by the Contractor without the written consent of the Contracting Officer: Provided, that the Contracting Officer may ratify in writing such diversion or replacement and such ratification shall constitute the consent of the Contracting Officer required by this clause.

(b) The Contractor agrees that whenever for any reason, one or more of these individual(s) are unavailable for performance under this contract, the Contractor agrees to replace such individual(s) with an individual(s) of substantially equal abilities and qualifications. In this connection, the Contractor shall submit to the COTR, in duplicate, a resume giving the full name, title, date and place of birth, qualifications, experience, and salary history, for all successor or new personnel prior to assignment of such personnel to perform work under the contract, so that the Contracting Officer may, on the advice of the COTR, decide whether or not such successor meets the qualifications of the personnel to be diverted or replaced, or in the case of new personnel, whether or not they are qualified to perform work assigned, and advise the Contractor accordingly. (DOC MAR 72)

9. ACCESS TO RECORDS AND RIGHT TO AUDIT

The Contractor agrees that the Secretary of Commerce or his duly authorized representative shall, until the expiration of three years after final payment under this contract, or the time periods for the particular records specified in 41 CFR Part 1-20, whichever expires earlier, have access to and the right to examine any books, documents, papers, and records of the Contractor involving transactions related to this contract. The Contractor further agrees to require all subcontractors, if any, under this contract, to agree to the "Access to Records and Rights to Audit" clause as provided herein for subcontracts in excess of $2,500. (DOC MAR 72)

10. SAFETY AND ACCIDENT PREVENTION

When the contract involves the performance of any work on premises which are under the direct control of the Government, the Contractor shall (i) conform to all local safety rules and requirements as are in effect on the date of this contract, and (ii) take such additional precautions as the Contracting Officer may reasonably require for safety and accident prevention purposes. The Contractor agrees to take all reasonable steps and precautions to prevent and preserve the lives and health of Contractor and Government personnel performing or in any way coming in contact with the performance of this contract on such premises. Any violation of such rules and requirements, unless promptly corrected, shall be grounds for termination of the contract. (DOC MAR 72)

ADDENDUM TO GENERAL PROVISIONS

The following clauses are added to the General and Additional General Provisions of this contract and appear in this addendum in lieu of the location indicated on the provisions content page.

A. GENERAL PROVISIONS:

PAYMENT OF INTEREST ON CONTRACTORS' CLAIMS

(a) If an appeal is filed by the contractor from a final decision of the contracting officer under the disputes clause of this contract, denying a claim arising under the contract, simple interest on the amount of the claim finally determined owed by the Government shall be payable to the contractor. Such interest shall be at the rate determined by the Secretary of the Treasury pursuant to Public Law 92-41, 85 Stat. 97, from the date the contractor furnishes to the contracting officer his written appeal to the date of (1) a final judgment by a court of competent jurisdiction, or (2) mailing to the contractor of a supplemental agreement for execution either confirming completed negotiations between the parties or carrying out a decision of a board of contract appeals.

(b) Notwithstanding (a), above, (1) interest shall be applied only from the date payment was due, if such date is later than the filing of appeal, and (2) interest shall not be paid for any period of time that the contracting officer determines the contractor has unduly delayed in pursuing his remedies before a board of contract appeals or a court of competent jurisdiction. (FPR 1-1.322(b))

B. ADDITIONAL GENERAL PROVISIONS:

COST ACCOUNTING STANDARDS

(a) Unless the Cost Accounting Standards Board has prescribed rules or regulations exempting the Contractor or this contract from standards, (P.L.91-379, August 15, 1970), the Contractor, in connection with this contract shall:

(1) By submission of a Disclosure Statement, disclose in writing his cost accounting practices as required by regulations of the Cost Accounting Standards Board. The required disclosures must be made prior to contract award unless the Contracting Officer provides a written notice to the Contractor authorizing postaward submission in accordance with regulations of the Cost Accounting Standards Board. The practices disclosed for this contract shall be the same as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Contractor and which contain this Cost Accounting Standards clause. If the Contractor has marked the Disclosure Statement to indicate that it contains trade secrets and commercial or financial information which is privileged and confidential, the Disclosure Statement will be protected and will not be released outside of the Government.

(2) Follow consistently the cost accounting practices disclosed pursuant to (1), above, in accumulating and reporting contract performance cost data concerning this contract. If any change in disclosure practices is made for the purposes of any contract or subcontract subject to Cost Accounting Standards Board requirements, the change must be applied prospectively to this contract, and the Disclosure Statement must be amended accordingly. If the contract price or cost allowance of this contract is affected by such changes, adjustment shall be made in accordance with subparagraph (a)(4) or (a)(5), below, as appropriate.

(3) Comply with all Cost Accounting Standards in effect on the date of award of this contract or if the Contractor has submitted cost or pricing data, on the date of final agreement on price as shown on the Contractor's signed certificate of current cost or pricing data. The Contractor shall also comply with any Cost Accounting Standard which hereafter becomes applicable to a contract or subcontract of the Contractor. Such compliance shall be required prospectively from the date of applicability to such contract or subcontract.

(4) (A) Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is affected by a Disclosure Statement change which the Contractor is required to make pursuant to (3), above. If the Contractor has not been required to file a Disclosure Statement but is required pursuant to (a)(3), above, to change an established practice, then an equitable adjustment shall similarly be agreed to.

(B) Negotiate with the Contracting Officer to determine the terms and conditions under which any Disclosure Statement change other than changes under (4)(A), above, may be made. A change to a Disclosure Statement may be proposed by either the Government or the Contractor, provided, however, that no agreement may be made under this provision that will increase costs paid by the United States under this contract.

(5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if he or a subcontractor fails to comply with an applicable Cost Accounting Standard or to follow any practice disclosed pursuant to subparagraphs (a)(2), above, and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States together with interest thereon computed at the rate determined by the Secretary of the Treasury pursuant to P.L. 92-41, 85 Stat. 97, or 7 percent per annum, whichever is less, from the time the payment by the United States was made to the time the adjustment is effected.

(b) If the parties fail to agree whether the Contractor or subcontractor has complied with an applicable Cost Accounting Standard, rule, or regulation of the Cost Accounting Standards Board and as to any cost adjustment demanded by the United States, such failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(c) The Contractor shall permit any authorized representatives of the head of the agency, the Cost Accounting Standards Board, or the Comptroller General of the United States to examine and make copies of any documents, papers, or records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts which he enters into the substance of this clause except paragraph (b), and shall require such inclusion in all other subcontracts of any tier, except that this requirement shall apply only to negotiated subcontracts in excess of $100,000 where the price negotiated is not based on:

(i) Established catalog or market prices of commercial items sold in substantial quantities to the general public; or

(ii) Prices set by law or regulation.

NOTE:

1. Subcontractors shall be required to submit their Disclosure Statements to the Contractor. However, if a subcontractor has previously submitted his Disclosure Statement to a Government Contracting Officer he may satisfy that requirement by certifying to the Contractor the date of such Statement and the address of the Contracting Officer.

2. In any case where a subcontractor determines that the Disclosure Statement information is privileged and confidential and declines to provide it to his Contractor or higher tier subcontractor, the Contractor may authorize direct submission of that subcontractor's Disclosure Statement to the same Government offices to which the Contractor was required to make submission of his Disclosure Statement. Such authorization shall in no way relieve the Contractor of liability as provided in paragraph (a)(5) of this clause. In view of the foregoing and since the contract may be subject to adjustment under this clause by reason of any failure to comply with rules, regulations, and Standards of the Cost Accounting Standards Board in connection with covered subcontracts, it is expected that the Contractor may wish to include a clause in each such subcontract requiring the subcontractor to appropriately indemnify the Contractors. However, the inclusion of such a clause and the terms thereof are matters for negotiation and agreement between the Contractor and the subcontractor, provided that they do not conflict with the duties of the Contractor under its contract with the Government. It is also expected that any subcontractor subject to such indemnification will generally require substantially similar indemnification to be submitted by his subcontractors.

(e) The terms defined in Sec. 331.2 of Part 331 of Title 4, Code of Federal Regulations (4 CFR-331.2) shall have the same meanings herein. As there defined, "negotiated subcontract" means "any subcontract except a firm fixed-price subcontract made by a Contractor or subcontractor after receiving offers from at least two firms not associated with each other or such Contractor or subcontractor, providing (1) the solicitation to all competing firms is identical, (2), price is the only consideration in selecting the subcontractor from among the competing firms solicited, and (3) the lowest offer received in compliance with the solicitation from among those solicited is accepted." (FPR 1-3.1204)

ADDENDUM TO GENERAL PROVISIONS

The clause entitled "Listing of Employment Openings" contained in the General Provisions of this contract is hereby deleted and the clause given below substituted therefor. If the contract incorporates PD-GP-8-1, the clause given below is added thereto.

LISTING OF EMPLOYMENT OPENINGS

(This clause is applicable pursuant to 41 CFR 50-250 if this contract is for $2,500 or more.)

(a) The contractor agrees, in order to provide special emphasis to the employment of qualified disabled veterans and veterans of the Vietnam era, that all suitable employment openings of the contractor which exist at the time of the execution of this contract and those which occur during the performance of this contract, including those not generated by this contract and including those occuring at an establishment other than the one wherein the contract is being performed but excluding those of independently operated corporate affiliates, shall be offered for listing at an appropriate local office of the State employment service system wherein the opening occurs and to provide such reports to such local office regarding employment openings and hires as may be required: Provided, That if this contract is for less than $10,000 or if it is with a State or local government the reports set forth in paragraphs (c) and (d) are not required.

(b) Listing of employment openings with the employment service system pursuant to this clause shall be made at least concurrently with the use of any other recruitment service or effort and shall involve the normal obligations which attach to the placing of a bona fide job order, including the acceptance of referrals of veterans and nonveterans. This listing of employment openings does not require the hiring of any particular job applicant or from any particular group of job applicants, and nothing herein is intended to relieve the contractor from any requirements in any statutes, Executive orders, or regulations regarding nondiscrimination in employment.

(c) The reports required by paragraph (a) of this clause shall include, but not be limited to, periodic reports which shall be filed at least quarterly with the appropriate local office or, where the contractor has more than one establishment in a State, with the central office of the State employment service. Such reports shall indicate for each establishment (i) the number of individuals who were hired during the reporting period, (ii) the number of those hired who were disabled veterans, and (iii) the number of those hired who were nondisabled veterans of the Vietnam era. The contractor shall submit a report within 30 days after the end of each reporting period wherein any performance is made under this contract. The contractor shall maintain copies of the reports submitted until the expiration of one year after final payment under the contract, during which time they shall be made available, upon request, for examination by any authorized representatives of the contracting officer or of the Secretary of Labor.

(d) Whenever the contractor becomes contractually bound by the listing provisions of this clause, he shall advise the employment service system in each State wherein he has establishments of the name and location of each such establishment in the State. As long as the contractor is contractually bound to these provisions and has so advised the State employment system, there is no need to advise the State system of subsequent contracts. The contractor may advise the State system when it is no longer bound by this contract clause.

(e) This clause does not apply to the listing of employment openings which occur and are filed outside of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands.

(f) This clause does not apply to openings which the contractor proposes to fill from within his own organization or to fill pursuant to a customary and traditional employer-union hiring arrangement. This exclusion does not apply to a particular opening once an employer decides to consider applicants outside of his own organization or employer-union arrangement for that opening.

(g) As used in this clause:

(1) "All suitable employment openings" includes, but is not limited to, openings which occur in the following job categories: Production and nonproduction; plant and office; laborers and mechanics; supervisory and nonsupervisory; technical; and executive, administrative and professional openings which are compensated on a salary basis of less than $18,000 per year. The term includes full-time employment, temporary employment of more than 3 days duration, and part-time employment. It does not include openings which the contractor proposes to fill from within his own organization or to fill pursuant to a customary and traditional employer-union hiring arrangement.

(2) "Appropriate office of the State employment service system" means the local office of the Federal-State national system of public employment offices with assigned responsibility for serving the area of the establishment where the employment opening is to be filled, including the District of Columbia, the Commonwealth of Puerto Rico, Guam, and Virgin Islands.

(3) "Openings which the contractor proposes to fill from within his own organization" means employment openings for which no consideration

will be given to persons outside the contractor's own organization (including any affiliates, subsidiaries, and parent companies), and includes any openings which the contractor proposes to fill form regularly established "recall" or "rehire" lists.

(4) "Openings which the contractor proposes * * * to fill pursuant to a customary and traditional employer-union hiring arrangement" means employment openings for which no consideration will be given to persons outside of a special hiring arrangement, including openings which the contractor proposes to fill from union halls, which is part of the customary and traditional hiring relationship which exists between the contractor and representatives of his employees.

(5) "Disabled veteran" means a person entitled to disability compensation under laws administered by the Veterans Administration for disability rated at 30 percentum or more, or a person whose discharge or release from active duty was for a disability incurred or aggravated in line of duty.

(6) "Veteran of the Vietnam era" means a person (A) who (i) served on active duty with the Armed Forces for a period of more than 180 days, any part of which occurred after August 5, 1964, and was discharged or released therefrom with other than a dishonorable discharge, or (ii) was discharged or released from active duty for service-connected disability if any part of such duty was performed after August 5, 1964, and (B) who was so discharged or released within the 48 months preceding his application for employment covered by this clause.

(h) If an disabled veteran or veteran of the Vietnam era believes that the contractor (or any first-tier subcontractor) has failed or refuses to comply with the provisions of this contract clause relating to giving special emphasis in employment to veterans, such veteran may file a complaint with the veterans' employment representative at a local State employment service office who will attempt to informally resolve the complaint and then refer the complaint with a report on the attempt to resolve the matter to the State office of the Veterans' Employment Service of the Department of Labor. Such complaint shall then be promptly referred through the Regional Manpower Administrator to the Secretary of Labor who shall investigate such complaint and shall take such action thereon as the facts and circumstances warrant consistent with the terms of this contract and the laws and regulations applicable thereto.

(i) The contractor agrees to place this clause (excluding this paragraph (i) in any subcontract directly under this contract.

Additional General Provisions

AFFIRMATIVE ACTION FOR HANDICAPPED WORKERS

(This clause applies to all nonexempt contracts and subcontracts which exceed $2,500)

(a) The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

(b) The contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act.

(c) In the event of the contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with the rules, regulations and relevant orders of the Secretary of Labor issued pursuant to the Act.

(d) The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Director, provided by or through the contracting officer. Such notices shall state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.

(e) The contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of section 503 of the Rehabilitation Act of 1973, and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.

(f) The contractor will include the provisions of this clause in every subcontract or purchase order of $2,500 or more unless exempted by rules, regulations, or orders of the Secretary issued pursuant to section 503 of the Act, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for noncompliance. (41 CFR 60-741)
